Joshua Clark, Alex Schuldberg

	1ms	2ms	3ms	4ms	5ms	6ms	7ms	8ms	9ms	10ms	…	503ms	…	1002ms
Buttons	■			■			■			■	…		…	
Display			■								…	■	…	
Count		■									…		…	■

The three tasks compete to run first but Buttons wins as it has a higher priority. Display and Count compete to run once Buttons is finished however, both Display and Count have the same priority so which one runs first is unknown.
